

Department of the Army

5125.74-9000

B12A, DD Form 350, shall contain either the FPDS Code Y216 or Z216, as applicable, per 5119.1005 (S-90).

5119.1071 Solicitation provisions and contract clauses.

(a) DFARS provision 252.219-7012 shall be inserted in all solicitations issued under the Small Business Dredging Program (SIC 1629, limited to FPDS Service Codes Y216/Z216).

(b) DFARS clause 252.219-7013 shall be inserted in all solicitations and contracts set-aside for emerging small businesses in accordance with 5119.1070-2(a) (S-90).

PART 5125—FOREIGN ACQUISITION

AUTHORITY: 5 U.S.C 301, 10 U.S.C. 2202, DoD Directive 5000.35, FAR 1.301 and DOD FAR Supplement 201.3.

5125.74-9000 Contractors Accompanying the Force—Deployment of Contractor Personnel in Support of Military Operations

SCOPE OF SUBPART

(a) *General.* This subpart applies whenever contractors may be required to accompany the force in support of military operations, as defined in Joint Publication 1-02, "DOD Dictionary of Military and Associated Terms."

(b) *Coordination.* There are many operational details that will affect the scope of work in contracts requiring deployment of contractor personnel in support of military operations. The requirements activity, in conjunction with the contracting activity, must coordinate with the appropriate logistics organization to determine what level of support (*e.g.*, billeting, messing, clothing and equipment, access to medical facilities, pre-deployment processing) will be available to contractors.

(i) DFARS 225.802-70 (Contracts for performance outside the United States and Canada) prescribes special procedures applicable to contracts requiring the performance of work in a foreign country by U.S. personnel or a third country contractor, or that will require logistics support for contractor employees, and the contracting activity is not under the command jurisdic-

tion of a unified or specified command for the country involved. This provision generally requires the contracting activity to undertake certain coordination with the cognizant contract administration office for that country.

(ii) In situations where no contract administration office has been designated, the contracting officer shall ensure, prior to contract award, that the responsible combatant command concurs with any contract provision that promises logistical support to U.S. or foreign national contractor personnel. This requirement may be satisfied through a memorandum executed by the requiring activity that documents combatant command approval of any logistical support specified in the main body of the contract or its statement of work.

(c) *Legal status of contractor personnel.* The Status of Forces Agreements applicable to the Area of Operations (AO), as well as the Geneva Conventions and other international laws govern the legal status of contractor personnel. Contractor personnel's legal status will vary depending on the location and circumstances surrounding an incident.

(d) Requirements offices and contracting officers should use the Army Contractors Accompanying the Force Guidebook for more detailed guidance, including sample contract language, and a listing of Army and DoD regulations and other resources. Contracting Officers may tailor this language as appropriate, but using the Guidebook will both answer many common questions and foster uniform handling of common issues. The Guidebook may be found on the Deputy Assistant Secretary of the Army (Procurement & Production) Web site at <http://dasapp.saalt.army.mil/>.

(e) *Solicitation provision and contract clause.* The clause at §5152.225-74-9000 shall be inserted in all solicitations and contracts that may require deployment of contractor personnel in support of military operations. It may be tailored to fit the specific circumstances of the procurement.
